NOTICE OF PROPOSED RULE MAKING

Adopted: November 6, 2002

Released: November 8, 2002

Comment Date: December 30, 2002

Reply Date: January 14, 2003

By the Assistant Chief, Audio Division:

1. Before the Commission for consideration is a multiple docket *Notice of Proposed Rule Making* setting forth two separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Rules. In each instance, the petitioner has stated that she will apply for the requested channel, if allotted. Each proposal warrants consideration because it complies with our technical requirements and would serve the public interest.

2. This is a multiple docket *Notice of Proposed Rule Making* issued in accordance with the Commission's *Public Notice* released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single *Notice of Proposed Rulemaking*. Each proposal has its own docket and rule making number and the Commission's Reference Center will maintain a separate file for each docket. As discussed in the *Public Notice*, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions. We request comments and/or counterproposals to the following proposals:

A. MB Docket No. 02-349; RM-10599

Petitioner: Katherine Pyeatt
6655 Aintree Circle
Dallas, Texas 75214

Proposal: Allot Channel 286A at Encinal, Texas as potentially the community's third local FM service.

Encinal, Texas	--	286A, 259A, 273A ¹

Additional Information: Channel 286A can be allotted to Encinal with a site restriction of 6.3 km (3.9 miles) north of Encinal at the reference coordinates indicated above. The proposed allotment will require concurrence by Mexico because it is located within 320 kilometers (199 miles) of the Mexican border.

Encinal is an incorporated town with a population of 704 persons. Petitioner states that Encinal has its own mayor, elementary school system, post office, and volunteer fire department.

2. Showings Required. Comments are invited on the proposal discussed in the *Notice of Proposed Rule Making* to which this Appendix is attached. The proponent will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

3. Cut-off Procedures. The following procedures will govern the consideration of filings in this proceeding.

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (See Section 1.420(d) of the Commission's Rules.)

(b) With respect to petitions for rule making which conflict with the proposal in this *Notice*, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; Service. Pursuant to applicable procedures set out in Sections 1.415 and 1.420 of the Commission's Rules and Regulations, interested parties may file comments and reply comments on or before the dates set forth in the *Notice of Proposed Rule Making* to which this Appendix is attached.
